1 In accordance with past practice and taking into account the draft programme of meetings of the Organization for 2003, it is proposed that the ninetieth session of the Council be held at IMO Headquarters from 16 to 20 June 2003.

2 It is recalled that, at its eighty-eighth session in June 2002, the Council approved the recommendation of the Technical Co-operation Committee to hold a two-day stand-alone session of the Technical Co-operation Committee, back-to-back with a workshop on partnership building, before the ninetieth session of the Council in 2003. In the light of this, the Council would have the full meeting week proposed at its disposal.
