Strategic direction: 3.2

High-level action: 3.2.1

Planned output: 3.2.1.2

Action to be taken: Paragraph 4

Related documents: C 102/7; TC 59/4; TC 59/5 and TC 62/3

1 The Technical Co-operation Committee (TCC) and the Council, at their fifty-ninth and 102nd sessions, respectively, approved a programme of allocations from the Technical Co-operation (TC) Fund (TC 59/5 and C 102/7) to support the implementation of activities under the Integrated Technical Co-operation Programme (ITCP) for the 2010-2011 biennium.

2 In accordance with the Rules of Operation of the TC Fund, a report is submitted biennially to the Council on the implementation of activities financed or co-financed by the TC Fund. It may be recalled that following the decision of C 98 relating to the TC Fund, the report to TCC on the TC Fund has since been integrated within the biennial report on the ITCP.

3 Taking into account the principle of streamlining reporting practices, the Council's decision pertaining to the reduction in the volume of documents, and the fact that the activities financed or co-financed by the TC Fund are clearly marked under an allocated column, the Council is referred to the ITCP Biennial report on 2010-2011 (document TC 62/3) submitted to TC 62.

Action requested of the Council

4 The Council is invited to take note of the ITCP activities supported by the TC Fund resources, as outlined in document TC 62/3 "ITCP Biennial report on 2010-2011", and to take action as necessary.
