Amendments to the Staff Rules

1 With a view to harmonizing practices, where possible, with other United Nations system organizations, and to clarify current practices, the Secretary General has approved the following amendments to the IMO Staff Rules:

- .1 **Sick leave (staff rule 106.1(a)):** this staff rule has been amended in order to reflect the adoption of the new version of Appendix D.
- .2 **Shipment of personal effects (staff rule 107.20):** a flat lump-sum rate option, in lieu of shipment of personal effects for eligible staff members at a single or family rate, has now been introduced. This requires an amendment to paragraph (g) of the rule.
- .3 **Loss of entitlement to removal expenses (staff rule 107.21):** paragraph (c) of this rule is amended to indicate that the entitlement to removal expenses on appointment shall cease if the removal has not taken place within two years of relocation to the duty station. At the same time, paragraph (d) has been added to extend the period of entitlement to removal expenses at the time of separation from one to two years.

- .4 **Appendix D to the Staff Rules:** a new version of Appendix D was introduced in the United Nations last year. This new version aims to facilitate the understanding and streamlining of the process to follow in cases of compensation in the event of death, injury or illness attributable to the performance of official duties on behalf of the Organization. The previous version was adopted ad verbatim by IMO, and it was duly reflected in the IMO Staff Regulations and Staff Rules. The new version has been slightly edited to best fit IMO's needs and practices. The new text of Appendix D is shown in annex 2.

2 The new and amended text of these rules is shown in annex 1 and the new Appendix D is shown in annex 2 to this document.

Action requested of the Council

3 The Council is invited to note the amendments to staff rules 106.1, 107.20, 107.21 and Appendix D.

NEW APPENDIX D TO THE STAFF RULES

Appendix D

Rules governing compensation in the event of death, injury or illness attributable to the performance of official duties on behalf of the Organization

Section I Scope and general provisions

Article 1.1 Purpose and scope

The present rules provide for compensation for death, injury or illness attributable to the performance of official duties on behalf of the Organization, as set out below. Compensation shall be provided solely to staff members and their dependants, in accordance with the terms and conditions contained in the present rules.

Article 1.2 Exclusiveness of remedy; non-assignment

Compensation or other forms of recourse provided under the present rules constitute the sole remedy for service-incurred death, injury or illness. The Organization will not accept, consider or provide compensation or benefits for service-incurred death, injury or illness except under the present rules. Except as set forth below, compensation and rights shall not be assignable to third parties.

Article 1.3 Terminology

The following terminology applies for the purposes of the present rules:

- (a) Claimant: the staff member or dependant, as defined below, bringing a claim under these rules.
- (b) Dependant: the spouse, dependent child, or secondary dependant as set forth in the Staff Rules. Compensation payable on the basis of or benefit payable to a dependent child or secondary dependent sibling ceases on the day the dependent child or secondary dependent sibling reaches the age of 18, or 21 if he or she is attending university or its equivalent full-time. This restriction does not apply where and as long as the dependent child or secondary dependent sibling has a disability that is permanent or for a period that is expected to be long-term that prevents gainful employment.
- (c) Minor: an individual under the age of 18, or the age of majority under the laws of the country of residence of such individual, if the age of majority in the individual's country of residency is less than 18 years of age.
- (d) Illness: a deterioration in health as confirmed by a physician authorized to practise medicine by a competent authority.

- (e) Injury: a physiological impairment as confirmed by a physician authorized to practise medicine by a competent authority.
- (f) Incident: an event causing the death, injury or illness underlying a claim.
- (g) Commute or commuting: travel by reasonable means of transportation and on a direct route, by time or distance, between place of work and residence. A direct route is deemed to commence upon departure from, or be terminated on arrival at, the Organization premises or the property line at the designated place of work or the property line of the staff member's place of residence, such residence including yards, lawns, driveways, garages, stairways, entrances, elevators, basements, hallways or common areas, without deliberate deviation from such route.
- (h) Reasonable means of transportation: a generally accepted means of transportation under the circumstances. Transportation by a particularly hazardous means is not considered a reasonable means of transportation for the purposes of the present rules.
- (i) Service-incurred death, injury or illness: a death, injury or illness where the death, injury or illness is directly attributable to the performance of official duties on behalf of the Organization under the terms and conditions set out in the present rules.
- (j) Pensionable remuneration: the definition of pensionable remuneration is set out in article 51 of the Regulations of the United Nations Joint Staff Pension Fund. If the staff member was not a participant in the Fund at the date of his or her death, injury or illness, remuneration shall be that which, had the staff member been a participant, would have been considered his or her pensionable remuneration at that date.
- (k) Last pensionable remuneration: the pensionable remuneration at the time of (i) the incident, in the case of permanent disfigurement or permanent loss of function; (ii) the separation from service, in the case of total disability; or (iii) the date of death, in the case of death. If the staff member was not a participant in the United Nations Joint Staff Pension Fund at the date of the staff member's death, injury or illness, the remuneration shall be that which, had the staff member been a participant, would have been considered his or her pensionable remuneration at that date.
- (l) United Nations Joint Staff Pension Fund benefits: the definition of Fund benefits is set out in article 3.7 below, on the relation to benefits under the United Nations Joint Staff Pension Fund.
- (m) Lump sum: a one-time payment of compensation.
- (n) Pre-existing medical condition: an illness, injury or impairment that exists prior to the incident resulting in the service-incurred death, injury or illness.

- (o) Total disability: incapacity for further work reasonably compatible with the claimant's abilities, in which such incapacity is due to a service-incurred injury or illness that is likely to be long-term or permanent. The resulting incapacity must have a significant adverse impact on the claimant's actual earnings. A determination of total disability under the Staff Rules shall be independent of a finding of disability under the Regulations of the United Nations Joint Staff Pension Fund.

Article 1.4

Advisory Board on Compensation Claims

- (a) The Secretary-General has established the Advisory Board on Compensation Claims to consider claims for compensation arising from a service-incurred death, injury or illness and to make recommendations thereon to the Secretary-General.
- (b) The Board may adopt procedures as it considers necessary for discharging its functions under the present article, provided that, in cases of conflict, the present rules prevail.
- (c) Composition of the Board:

- b. Three representatives of the staff appointed by the Secretary-General on the recommendation of the Staff Committee;
- (ii) Ex officio members:

In discharging his or her functions and responsibilities under these rules, the Secretary will seek to obtain sufficient and relevant documentary evidence from appropriate sources.

Article 1.6
De minimis claims

If it is determined that: (a) the potential cumulative cost to the Organization of a claim is less than an amount determined by the Secretary-General or officials with delegated authority; and (b) the claim is solely for reimbursement of medical expenses, funeral expenses, compensation for permanent disfigurement or loss of function, or granting of sick leave credit, the official with delegated authority to consider such *de minimis* claims may make determinations on the compensability of a claim, without the consideration of the Advisory Board on Compensation Claims. If the official with delegated authority to consider *de minimis* claims makes a determination on a claim, and the claim later exceeds the amount for *de minimis* claims, the claim shall be presented to the Board for new consideration.

Article 1.7
Role of the Organization's Medical Unit

- (a) The Medical Unit shall make a medical determination for consideration by the Advisory Board on Compensation Claims or the official with delegated authority to consider *de minimis* claims. Such a determination may include:

 - (vii) Whether a claimant has reached maximum medical improvement, in order to assess a permanent loss of function;
 - (viii) Permanent disfigurement or loss of function;
 - (ix) Total disability.

- (b) In accordance with staff rule 106.1a) viii, a staff member may be required to undergo a medical examination by a medical practitioner designated by the Organization Medical Adviser, with the cost to be borne by the Organization, in order to clarify findings or to further assess the claim in connection with any of the determinations made pursuant to the present article. A staff member may also be required to provide further information in connection with any of the determinations made pursuant to the present article.

Article 1.8
General obligations of claimant

- (a) The claimant must provide the evidence necessary to fully support a claim for compensation in accordance with these rules.
- (b) The claimant must fully and promptly comply with any request by the Organization in connection with a claim, or the recovery of payments from third parties pursuant to section IV of the present rules.
- (c) In accordance with article 3.8 below, the claimant must inform the Advisory Board on Compensation Claims of any compensation under governmental, institutional, industrial or other workers' compensation schemes or insurance for which the claimant may be eligible in connection with the death, injury or illness underlying a claim.
- (d) The claimant must inform the Secretary of the Board of any changes relevant to a claim, including any changes in medical condition.
- (e) The claimant shall provide, as requested, periodic attestation of continued eligibility to receive periodic compensation under the present rules.

Article 1.9
Fraud, misrepresentation and omission of material fact

- (a) If a claimant makes a submission or a claim that is fraudulent, contains a material misrepresentation or omits a material fact, all claims related to the incident by that claimant shall be denied, all compensation or benefits payable to the claimant in relation to the claim shall be terminated and all payments made in relation to the claim shall be subject to recovery.
- (b) When made by staff members, such claims may constitute misconduct under Article X of the Staff Rules, and may result in disciplinary measures.

Section II
Requirements and conditions for coverage

Article 2.1
Procedural requirement for the filing of a claim

Notice

- (a) As soon as practicable after the incident, a claimant should submit to the relevant human resources officer in writing the following information using the form set out in annex 1:

Such information must be provided in writing by a physician. The claimant must also submit the results of all relevant medical tests;

Effective dates

- (c) The time limitations for submission of the required forms and supporting documentation above will be determined on the basis of the following:
 - (i) Injury or illness: the date of the incident shall be either the event or the period over which an exposure occurred. It shall be the date of the incident for cases where symptoms are apparent immediately or the date on which the staff member becomes aware, or reasonably should have been aware, of such injury or illness, whichever is earlier;
 - (ii) Death: the date of death shall be established by a duly issued certificate of death.
- (d) A determination on whether the claimant has complied with the time limitations for the filing of a claim, or other such procedural requirements, shall be made by the Advisory Board on Compensation Claims or the official with delegated authority to consider *de minimis* claims.
- (e) The deadline for the filing of a claim, including all necessary supporting documentation, may be waived on an exceptional basis by the Advisory Board on Compensation Claims or the official with delegated authority to consider *de minimis* claims, in consultation with the Medical Unit, in cases in which the claimant demonstrates that the delay was the result of incapacity. If a waiver is made, the claim must be submitted within the deadlines set out in article 2.1 (b) above, as applicable, the time frame for which will begin from the date of the cessation of the incapacity.

Article 2.2

Eligibility for coverage

- (a) To be eligible to receive compensation under the present rules, the death, injury or illness underlying a claim must be service-incurred, as assessed in accordance with article 2.2 (d) below.
- (b) The Advisory Board on Compensation Claims will assess whether the death, injury or illness is service-incurred and provide its recommendation on a claim to the Secretary-General. For *de minimis* claims, the official with delegated authority to consider *de minimis* claims will assess whether the death, injury or illness is service-incurred and take a decision on the claim on behalf of the Secretary-General.

Aggravation of a pre-existing medical condition

- (e) Claims based, in whole or in part, upon any aggravation of a pre-existing medical condition shall not be compensated unless such aggravation is service-incurred, and such compensation shall be solely for the proportion of the injury or illness deemed service-incurred.

Special leave

Sick leave credit

- (b) Sick leave credit, which is a grant of some or all of the sick leave entitlement which has been used for a service--incurred injury or illness, may be granted in the following cases:
- (i) To maintain the full pay status of a staff member when sick leave is approved by the Medical Unit for an injury or illness which is not service-incurred and when the claimant has insufficient sick leave for such non-service-incurred injury or illness due to a prior use of sick leave for a separate injury or illness, which was recognized under the present rules as service-incurred. Such a grant is limited to the maximum extent of the prior sick leave used for the separate service-incurred injury or illness. No credit will be granted for any sick leave already revived under the time frames of staff rule 106.1.;

Article 4.1 Claims against third parties

Notice

- (a) All persons who submit a request for compensation for a service-incurred death, injury or illness under the present rules must notify the Secretary-General in writing at the earliest possible time of any claims, demands or rights that they have pursued, that they are pursuing or that they intend in the future to pursue against any third party or parties in connection with such service-incurred death, injury or illness.

Assignment of rights

- (b) If, in the opinion of the Secretary-General, a claimant has a claim, demand, or right against a third party or parties, including a third party insurance carrier, for damages or other payment(s) in connection with a service-incurred death, injury or illness, the Secretary-General may, as

a condition for granting any compensation to the claimant, require the claimant to assign such claim, demand or right to the Organization so that the Organization may pursue or enforce the claim, demand or right in the place of the claimant.

Assistance in pursuing or enforcing claims, demands or rights

- (c) Where the Organization has decided to pursue a claim, demand or right against a third party or parties pursuant to subparagraph (b) above, the claimant shall provide to the Organization all assistance and cooperation that is necessary for pursuing or enforcing the claim, demand or right, including participating in any suit or proceedings.

Settlement

- (d) The Organization is entitled to settle any claim, demand or right against a third party or parties pursuant to subparagraph (b) above on such terms and conditions as it determines to be reasonable. A claimant, who has assigned a claim, demand or right under subparagraph (b), shall provide the Organization all assistance as may be required to reach a settlement, including, but not limited to, participating in any settlement negotiations and executing all settlement-related documents. The claimant shall not, under any circumstances, settle any claim, demand or action with any third party or parties without the express written consent of the Organization.

Proceeds

- (e) Where compensation or proceeds have been received from a third party or parties as a result of a suit, proceedings or a settlement reached pursuant to subparagraphs (b) to (d) above, such compensation or proceeds shall be applied:
 - (i) First, to pay in full the costs of the suit, proceedings or settlement, including reasonable attorney fees;
 - (ii) Second, to reimburse the Organization for any compensation provided to the claimant pursuant to these rules; and
 - (iii) Third, to pay the remaining amounts to the claimant.

Future claims

- (f) Any amount of compensation that a claimant may be entitled to receive in the future pursuant to the present rules shall be first used to offset any monies received by the claimant under subparagraph (e) (iii) above.

*Article 4.2
Recovery of overpayments*

- (a) If the Organization has paid a claimant in excess of any compensation payable under the present rules, the Organization will notify the claimant of the amount of overpayment and request reimbursement.

- (b) If immediate reimbursement in full is not feasible, any future periodic payments of compensation payable to the claimant under the present rules shall be reduced by 20 per cent until the overpayment has been reimbursed in full. If immediate reimbursement in full of any lump-sum payment made under the present rules is not feasible, the Secretary-General will seek recovery by means including, but not limited to, the reduction of any future lump sum payments of compensation payable to the claimant under the present rules by the entire amount of the overpayment.

Section V **Reconsideration, review and appeal**

Article 5.1 *Reconsideration of medical determinations*

Claimants wishing to contest a decision taken on a claim under the present rules, when that decision is based upon a medical determination by the Medical Unit or the Organization's Medical Adviser, shall submit a request for reconsideration of the medical determination under conditions, and by a technical body, established by the Secretary-General.

Article 5.2 *Review and appeal of administrative decisions*

Claimants wishing to contest a decision taken on a claim under the present rules, to the extent that the decision was based on considerations other than a medical determination, shall submit a written request for appeal in accordance with staff rule 111.2.

Article 5.3 *Reopening of claims*

Upon a written request by a claimant, or at the initiative of the Secretary-General, a claim made under the present rules may be reopened when one or more of the following criteria are met:

- (a) The discovery of new material evidence, if such new material evidence may materially affect:
- (i) A determination as to whether a death, injury or illness was service-incurred; or
 - (ii) A relevant medical determination;
- (b) A worsening or improvement in the condition of the staff member, where such worsening or improvement is directly related to the service-incurred injury or illness, and which may entitle the staff member to additional compensation, or warrant the reduction or elimination of compensation;
- (c) A material mistake was made by the Organization in the processing of a claim that had an impact on its disposition.

When a claim is reopened subject to the provisions above, any such claim shall be considered in accordance with the present rules. The Secretary-General and the claimant shall be bound by determinations previously made, unless new material evidence or material mistake undermines or otherwise calls into question in substantial part those determinations.

Section VI

Article 6.1
Transitional measures

- (a) For claims filed for incidents occurring after the entry into force of the present revised rules, such revised rules will be applied.
- (b) For claims filed for incidents that occurred prior to the entry into force of the present revised rules, the previously applicable rules will be applied, except that annual compensation for widows or widowers under the former article 10.2 will continue to be payable provided that the widow or widower has not remarried prior to the entry into force of the present revised rules.
