Introduction

1 This document reports on the status of Member States' contributions and of advances to the Working Capital Fund as at 30 June 2005. It also addresses the current situation with regard to the implementation of Article 56 of the IMO Convention as at 30 June 2005.

Summary of current position

2 The situation regarding contributions made and those due and payable by all Member States as at 30 June 2005 is summarized below:

For reasons of economy, this document is printed in a limited number. Delegates are kindly asked to bring their copies to meetings and not to request additional copies.

3 The total amount due to the Organization as at 30 June 2005 amounted to £6,987,142. Details with respect to individual Member States may be found at annex 1 with a separate schedule showing the status of Council Members attached at annex 2. Annex 3 shows the detailed position on assessments and receipts for all Member States as at 30 June 2005.

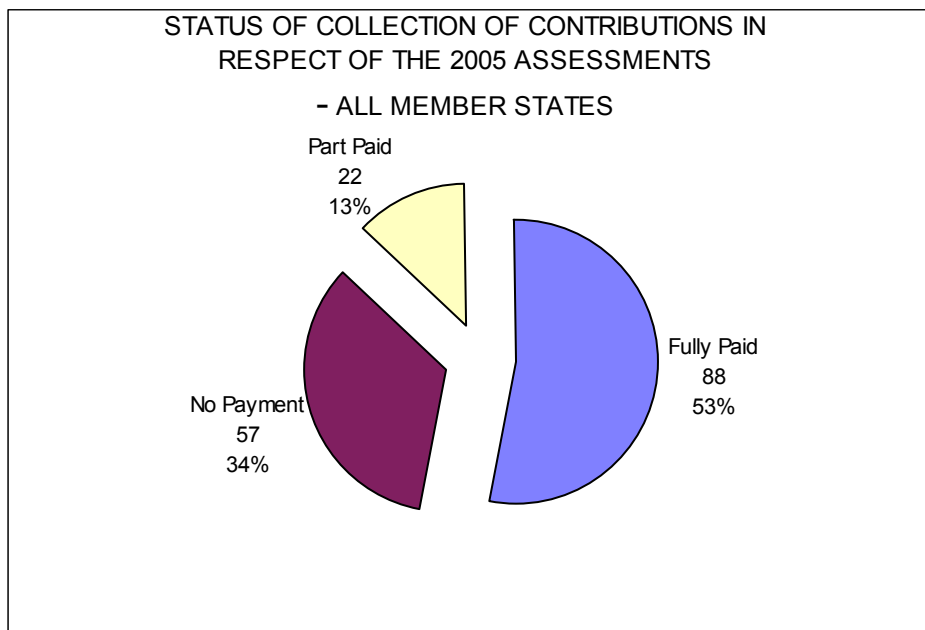

Position on 2005 assessments

4 The notice of assessments for 2005 and the corresponding individual invoices showing the assessments due were issued in December 2004 as per the usual practice. The assessment notice drew the attention of Member States to the relevant Financial Regulations concerning payment of contributions; to Assembly resolution A.940(23) which urged Member States to pay their contributions in accordance with the Organization's Financial Regulations; and to the Rules of Procedure of the Assembly concerning the non-payment of contributions. In addition, the

Director of Administration contacted Member States' Ambassadors, High Commissioners and Permanent Representatives in London seeking their assistance in expediting the payment by their Governments of assessments due. It will be recalled that it is incumbent upon all Member States to pay their contributions within 30 days of receipt of the notice of assessment or on the first day of the calendar year to which they relate, whichever is later. **Therefore, all contributions should be considered due by the end of January 2005.**

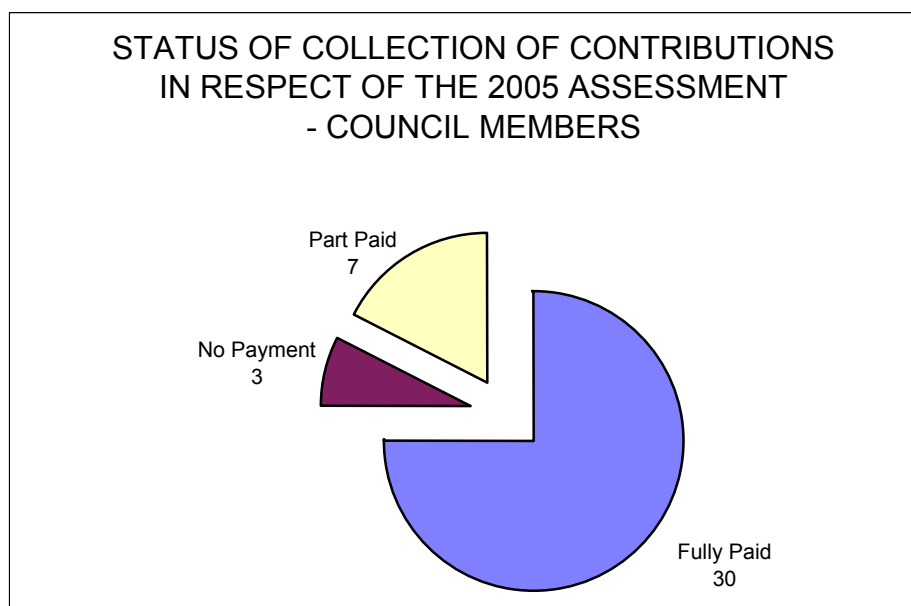

5 As shown in Table 1 above, total contributions received for 2005 as at 30 June 2005 amounted to £15,880,853 which represented 74.34% of the annual assessment. The comparable figure in 2004 was 66.43%. Whilst this represents an improvement on 2004 figures, it should be borne in mind that, as the Organization's accumulated reserves are applied to the Headquarters Capital Fund and other Funds, it becomes increasingly important that Member States pay their contributions on time in accordance with the Organization's Financial Regulations. Continued slippage in timely payment opens up the possibility of future liquidity difficulties.

6 The position of the 164* Member States and three Associate Members with respect to their contributions is summarized below:

The corresponding position for Council Members is shown in the diagram below.

* The Democratic Republic of Timor-Leste (IMO's 165th Member) joined the Organization in May 2005 and is assessed separately as of June 2005.

The total amount outstanding for 2005 from Council Members as at 30 June 2005 amounted to £3,476,500 which is equivalent to 16.3% of the total 2005 assessment and 63.4% of the balance due from all Members for 2005 as at 30 June 2005.

Position on 2004 and prior years

7 The total arrears for 2004 and earlier years, as at 1 January 2005, amounted to £2,120,271 comprising of £2,047,820 and \$138,795 equivalent to £72,451 (calculated at the UN exchange rate of \$1 = £0.522 applicable for 01 January 2005¹). The total received during the period 1 January to 30 June 2005 in settlement of arrears amounted to £619,485, which represented 29% of the total arrears outstanding as at 1 January 2005.

8 The settlement of the former Socialist Federal Republic of Yugoslavia (SFRY) arrears of £355,306 continues to depend on the results of on-going negotiations regarding succession issues. As previously reported, the Governments of the successor States of the former SFRY have requested the United Nations to write off all debts of the former SFRY relating to their contributions to the United Nations and its specialized agencies and programmes. The Council will recall that, at its twenty-second extraordinary session, the Secretary-General reported that the United Nations had taken the view that, in accordance with the general rules of international law regarding the succession of States in respect of State debts, the United Nations has the right to seek payment of all or part of the pre-dissolution arrears from the five successor States of the former Yugoslavia. Despite requests for the debt to be written off, the United Nations has refused to do so. The precise amount owing by each of SFRY's five successor States has not as yet been determined by the United Nations.

9 Against this background, the Council's conclusion at previous sessions was that it would be appropriate for the Organization to follow the United Nations position; accordingly, the arrears of the former SFRY, which remain owing, are shown as a separate line at annexes 1 and 3 using the same terminology as that used by the United Nations. When the United Nations has reached a position on the distribution of the arrears between the SFRY successor States, the Council will be advised, in order that it can decide as appropriate.

¹ The arrears of \$138,795 in Table 1 are converted at the 01.06.2005 UN Exchange rate to provide the most up to date picture.

Application of Article 56 of the IMO Convention – 23rd regular session of the Assembly

10 The Council will recall that, at its twenty-third regular session and as noted in documents C 93/9(c)/Add.1, C 94/3(d), C 94/3(d)/Add.1, and C 94/3(d)/Add.2, the Assembly considered the applications for waiver of the provision of Article 56 of the IMO Convention, concerning the right to vote, in accordance with Rule 56bis of its Rules of Procedure and granted waivers to five Member States on reviewing the schedule of payments submitted and pledges made by these Member States to settle their arrears. Fifteen Members were not granted a waiver and consequently lost their voting rights.

11 Of the five Member States which were granted waivers, Guinea cleared its arrears in accordance with its undertaking and paid its contributions from 1988 to 2005 in full. Gabon cleared its arrears in accordance with its undertaking and paid its contributions from 1977 to 2004 in full. Consequently neither Guinea nor Gabon remain under Article 56, and they are instead included under category iv in annex 3. Bolivia cleared its arrears in accordance with its undertaking for 2002 and 2003, and partially paid 2004. The Democratic Republic of the Congo cleared its arrears in full in accordance with its undertaking up to 1998 and partially cleared its arrears for 1999. Uruguay has not yet cleared its arrears in accordance with its undertaking.

12 Of the 15 Members which lost their voting rights at the twenty-third regular session of the Assembly, Mauritania had paid its arrears in full up to 2002, and had also partially cleared its arrears for 2003, hence it no longer fell under Article 56. However, since then it has again fallen under Article 56 and therefore it is now shown under category iii of annex 3, Member States under Article 56 since the 23rd session of the Assembly. Togo has fully cleared its arrears up to 1996 and has partially cleared its arrears for 1997. Benin has fully settled its arrears up to 2001 and has partially cleared its arrears for 2002. Haiti has fully cleared its arrears up to 1993 and has partially cleared its arrears for 1994.

13 The Council, at its ninety-third session, having noted the Secretary-General's report on the application of Rule 56bis in the context of the Council's Review of the Organization's Financial Framework in accordance with resolution A.942(23), reiterated its position that Rule 56bis should be retained in its present form. At the same Council session, it was recalled that, under Article 56, subject to the grant of a waiver, a Member with dues outstanding for more than one year loses the right to vote not only in subsequent sessions of the Assembly and the Council but also in the Maritime Safety Committee, the Legal Committee, the Marine Environment Protection Committee, the Technical Co-operation Committee and the Facilitation Committee. Since this situation can arise between sessions of the Assembly (see document C 93/9(c)/Add.1), the Council decided that the terms of Article 56 should be strictly enforced between sessions of the Council.

14 Details of the current situation in respect of Member States which have fallen within the scope of Article 56 of the IMO Convention, since the twenty-third session of the Assembly, are shown in annex 3 to this document. Following the Council decision, at its ninety-third session, that Article 56 should be strictly enforced between Assembly years, the Secretary-General, at the beginning of this year, wrote to those Member States which fell within this rule informing them of their status and the loss of their right to vote pending payment of their outstanding contributions. The Secretary-General's general assessment is that the Council's firm stance on this matter is showing positive returns.

Working Capital Fund

15 The Assembly, by means of resolution A.837(19) adopted on 23 November 1995, established the Working Capital Fund (WCF) at a level of £2 million by appropriate annual transfers from the surplus of the Printing Fund. Transfers and advances to the WCF from Members, which have joined the Organization since 1 January 1988, total £5,931 of which £101 remain unpaid as at 30 June 2005.

The WCF balance of £2,005,830 as at 30 June 2005 comprised:

	£
Treasury Deposits	2,005,830
Due from Members	<u>101</u>
	<u>£2,005,931</u>

Action requested of the Council

16 The Council is invited to:

- .1 take note of the information contained in this document;
- .2 reiterate its firm stance on the strict enforcement of Article 56 of the IMO Convention; and
- .3 comment and/or decide as appropriate.
