Date	Printed name
Signature	

Registration of UAS operator TSL7181

Use this form to apply for a drone operator-ID.

Send the form and required attachments to operatorsregistrering.dronare@transportstyrelsen.se.

Please note, we only accept pdf files.

You can also send your application and required attachment by mail to:

Transportstyrelsen
SE-701 88 Örebro
Sweden

Registration of an operator-ID is subject to a one-time registration fee, which will be invoiced once a decision has been issued. The application may be withdrawn prior to the issuance of a decision, in which case no fee will be charged.

A registered operator-ID is also subject to an annual recordkeeping fee, payable if the operator-ID remains registered on January 1st.

Invoices may be settled by bank transfer. All information required for payment is stated on the invoice.

Please note: If you leave Sweden or sell your UAS, your operator-ID is NOT automatically deregistered unless an expiration date is specified on your registration confirmation.

To deregister your operator-ID, contact operatorsregistrering.dronare@transportstyrelsen.se.

Swedish Citizens

If you have a Swedish personal number, you are registered at an address in Sweden and have a Swedish electronic ID please use our e-service [Drönarsidan](#).

EU-Citizens

An operator-ID registered in another European Union/EASA member state is valid in any EASA member state including Sweden. If you do not already have an operator-ID, you shall apply for one in your country of residence.

Non EU-Citizens

If you do not already have an operator-ID registered in Sweden or another European Union/EASA member state, you can apply for one in Sweden using this form. Do not forget to attach a **copy of your passport**.

Organisations

A registration certificate or similar must be attached to validate the representative's role in the organisation. For third country organisations, a **copy of the representative's passport** must be included.

***Expected dates of operation**

The Swedish Transport Agency want to know between which period you are planning to perform UAS operations in Sweden to set the validity period of the registration.
