Other	15

Place	Date
Signature	Clarification of signature

Further information

A statistical report on air operations for calendar year must be submitted once a year by:

- Air operators licensed to flight operations for profit (includes operations with leased aircraft)
 - Other owners or, where appropriate, holders of aircraft (flight schools, flying clubs and individuals).
- Rental of aircraft engaged in commercial aviation are not included

The data should be sent no later than February 1 following the year in which the data relates to to:

Swedish Transport Agency

Section for analysis 601 73 Norrköping

Explanations for some of the concepts in the form

Aerial Work: a collective term for aerial operations excluding personal and freight transportation.

International traffic: traffic with take-off or landing at an international airport.

Domestic traffic: traffic with both take-off and landing at a domestic airport.
