Information

The Swedish Transport Agency (STA) will issue an interim ISSC, when receiving the statement from the RSO and the ship is in full compliance with the requirements. The ship security plan (SSP) may not be approved before an interim ISSC is issued.

In case of change of flag to Sweden the STA will determine if an interim process is required or an additional verification is sufficient.

The form shall be submitted to the inspectorate office in Stockholm: sjofart.ios@transportstyrelsen.se
