Instructions**Filer/Contact person/Invoice recipient**

The filer/contact person is the party submitting the matter to the Swedish Transport Agency. This can be a business or a person: the seller, buyer, broker or some other initiated party. State the filer's name and address as well as their contact details, so we can contact them if there are any questions.

If the invoice is not to be sent to the filer, but to another recipient, specify this in the *Other information* box.

For a separate invoicing address, and if a reference number is needed on the invoice, use the *Other information* box.

Vessel

Information about the vessel is stated here, including the name, port of registry and principal use. If the vessel previously had a different name from the one it has now, this can be specified in the *Other information* box as additional information for identification of the vessel.

If the box for the vessel's name is left empty, it means the new owner does not want the name in the vessel register.

Information about the port of registry must always be provided. The port of registry must be in Sweden.

State in the *Principal use/type* box if the acquirer uses the boat for recreation or professionally for e.g. the carriage of goods or passengers, towage or salvage, professional fishing, renting to the general public, or for some other professional use.

Note that all Swedish vessels in professional use and with a length over all exceeding 12 metres and a breadth exceeding 4 metres have to be measured by the Swedish Transport Agency.

Owner(s)

Information must be provided about all of the vessel's owners. If there are several owners, use the *Other information* box to state their names and addresses. If the space in the box is insufficient, use a *separate sheet of paper*, and make a note on the form that it has an *annex*.

If the vessel has several owners, the form must state what share of the vessel each owner acquired.

Acquired from

State here from whom the vessel was acquired.

Acquisition

State how the vessel was acquired: purchase, gift, inheritance etc., and on what date ownership rights transferred to the applicant. Note that the acquisition must have been completed before the application is submitted to the Swedish Transport Agency. If the date of acquisition is in the future, the Swedish Transport Agency will be unable to process the application until the acquisition has been completed.

Other information

Use this box to state whether there are several owners, provide any information that might be helpful to the processing of the case or request special letter(s) of the port or district in which a fishing vessel is registered and the number(s) under which it is registered etc.

Signature(s)

The person or persons signing have to be authorised signatories for the applicant if the applicant is not a natural person.

Certificates of authorisation to sign for foreign businesses, Swedish and foreign associations, municipalities and government agencies need to be submitted together with the application.

In the event of signing for an estate, all beneficiaries to the estate have to sign.

Fees are charged in accordance with current rates at the time of the decision.

For current rates, see transportstyrelsen.se/Sjofartsregistret, or contact the Swedish Register of Shipping.
