How to apply for a VIN for a self-assembled trailer

When should I apply for a VIN?

You have to apply for a VIN in connection with your application for verification of origin for a self-assembled trailer. Please attach the application for a VIN to your application for verification of origin.

You should also attach the following documents:

Please attach a purchase document, receipt or equivalent for major parts of your trailer such as axels, brake equipment and any building material for the frame or platform. You will also need to attach an application for verification of origin.

To access the application for verification of origin, please follow the link below:

<https://transportstyrelsen.se/en/road/Vehicles/Importing-vehicles-and-verification-of-origin>

Investigation and decision

The Swedish Transport Agency will start the handling of your application when the application fee has been paid. We will send you a paying in form once your application forms for a VIN and verification of origin have been registered.

You will receive a written confirmation when your case has been finalised.

ATTENTION! Do not leave any information on the information page. The form must be read by machine
