Declaration in accordance with 2018/858 Article 23 paragraph 3.

We hereby confirm that we fulfill these requirement:

3. An application for an EU type-approval of a particular type of vehicle, system, component or separate technical unit shall include a declaration by the manufacturer certifying, in accordance with the second subparagraph of paragraph 2 that:

(a) the manufacturer has not applied for an EU type-approval for the same type to any other approval authority, and no other approval authority granted the manufacturer such an approval;

(b) no approval authority has refused to grant type-approval of that type;

(c) no approval authority has withdrawn type-approval of that type; and

(d) the manufacturer has not revoked an application for a type-approval of that type.

Information

Costs concerning type approvals

The total cost depends on the time required to process the application, which varies according to the number of type approval numbers requested. Type approval processing is subject to an hourly processing fee.

For the current fees, please refer to the Swedish Transport Agency's website:

https://www.transportstyrelsen.se/en/road/vehicles/type-approval/fees-and-charges/

The provisional approval numbers:

- Please note that it is not mandatory to have a provisional number, but if you really need it;
  - Then ensure that provisional number is requested in good time before making the type approval application, since the provisional number must be included in the type approval application material.
  - If it is not possible to request a provisional number in good time than this must be handshake with STA before making the request for provisional numbers.
- May only be used for drawings, moulds, labels or documentation
- May not be used for commercial purposes until the relevant approval certificates have been issued; and
- are only valid for a period of nine months from the date of issue/date of this decision
- The manufacturer is responsible for ensuring that all information provided to the Swedish Transport Agency is accurate, complete, and valid. If any information is found to be incorrect, incomplete, or invalid, the provisional approval number shall automatically become invalid.
- Provisional approval numbers cannot be issued when the application consists of new technology related to the provisions below. In such case the applicant needs to contact the Swedish Transport Agency separately by email.
  - E/ECE/TRANS/505/Rev.3 - Schedule 7 Agreement 1958
  - Article 35 of Regulation (EU) No. 167/2013
  - Article 40 of Regulation (EU) No. 168/2013
  - Article 35 of Regulation (EU) No. 2016/1628
  - Article 39 of Regulation (EU) No. 2018/858
- Any misuse of the provisional approval numbers will be the responsibility of the applicant.

Any suspected misuse, issue or error relating to the provisional approval numbers are identified during their validity period, must be reported immediately to the Swedish Transport Agency.
