

# Requirements for winter tyres

## Please note that studded tyres always meet the winter tyre requirements

More information about the requirements regarding winter tyres is found in the Swedish Transport Agency's regulations TSFS 2009:19. Please note that regulations are available in Swedish language only

Further technical requirements regarding tyres are found in TSFS 2013:63 och TSFS 2016:22.

### Markings:

= The "alpine" symbol (3-peak-mountain with snowflake)

**POR**

= Professional Off Road

**M+S**

= Mud and Snow (variants: M.S, M&S and M-S)

The Swedish Transport Agency's regulations on markings are changed step by step. The dates of the two periods correspond to these steps.

*Tabell 1 Requirements until November 30, 2028*

Vehicle type	Light vehicles		Heavy vehicles			
	Vehicle ≤3500kg	Trailer ≤3500kg	Vehicle >3500kg			Trailer >3500kg
			Front axles	Drive axles	Other axles	
Markings		 M+S*	  POR	  POR	  M+S POR	M+S  POR
